OFFICE OF THE
DIRECTOR OF FOOD SUPPLIES
IN MYSORE,

Bangalore, dated 1st April. 1948.

SECRETARIAT
2 APR 1948

The Secretary to Government,
Food Department,
BANGALORE.

Sir,

I have the honour to invite your kind reference to this office No.TRC.61/46-7 dated 22nd December 1947 where I have reported the result of the last auction. We proposed to hold another auction as early as possible but this time along with the lorries we have collected, a large amount of other articles also, such as, old unserviceable tyres, old used up battery boxes, old broken engine units, junk, and last the gasometer outfits (dismantled from old lorries and referred to in this office No. TRC.630(C)/44-5 dated 20.2.48). I enclose two lists which give full details of the lorries and scrap articles to be auctioned.

2. Mr.R.N.Mirza and I have inspected the lorries and collection of materials and I concur with him that we should get rid of all the sick lorries and collection of unwanted materials but there is one point to which my attention has been invited. At present it is very difficult to buy new giant class tyres and some of the lorries arranged for auction have got fairly good tyres with some life in them. I reproduce the list below:

Useful tyres on the lorries kept for auction which may be exchanged to running lorries.

Lorry No.	No.of tyres.	Lorry No.	No. of tyres.
1. 4879	3	2. 3512	nil
3. 5533	2	4. 5047	2
5. 5719	3	6. 5104	4
7. 5617	4	8. 3518	4
9. 3501	5	10. 5157	3

13.5030	4	14. 5031	6
15.5053	7		

Total tyres 52

3. My sanction has been sought to remove all these 52 tyres from the lorries to be auctioned, keep them for our departmental use and replace them with tyres which have seen greater usage and has much less life. As this is a proposition

in the interest of our Department, I have agreed to this, and I am reporting this matter for the information of Government.

3. They also brought to my notice a couple of lorries kept for auction from which good serviceable plarts have been removed, to recondition the body and the load carrying platform of a lorry, of which the engine and the drivers cab are perfectly good, but the body has gone to bits.

4. I would recommend that the auction work may be entrusted as before to M/s.Frank Abraham & Co. (who have done good work for us during the last two auctions.) There is one point in connection with this which may be submitted to Government for favour of approval. I enclose a copy of the firm's letter dated 18th March. It will be seen that the commission has been slightly increased for sales above Rs.25,000/- and I think that the same may perhaps be accepted.

5. I shall be thankful if very early orders of Government are kindly obtained as the intention is to wind up the Transport Section with all possible speed.

I have the honour to be,
S i r,
Your most obedient servant,

Director of Food Supplies.
